**Product**  
Test adapter

**Model No.**  
SR 370

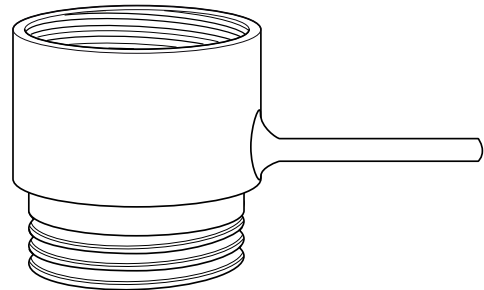

**Ordering No.**  
T01-1206

## Product Description

The SR 370 test adapter is used for connecting the Sundström SR 200 full face mask Air Purifying Respirator (APR) to a measuring instrument for carrying out a quantitative fit test. The adapter is provided with a standard thread and is designed for screwing in to the filter thread of the mask. The adapter is intended only for temporary fit tests. It should not be used for normal work.

## Technical specification

SR 370	
<b>Weight</b>	≈ 1.8 oz (50 g)
<b>Material</b>	Aluminium
<b>Thread</b>	40 x 1/7"
